

Town of Waxhaw Variance/ Appeal Application

Application Process:

The Board of Adjustment is designed to hear appeals or authorize variances. The Board of Adjustment may hear and decide appeals, where it is alleged there is error in any final order, requirements, decisions or determinations made by the Zoning Administrator.

A variance, which is a request for relaxation from the Land Development Code requirements, may be granted only for zoning related matters in such individual case of undue and unnecessary hardship upon several findings of fact of the Board of Adjustment.

Cases that come before the Board of Adjustment are "quasi-judicial," meaning that all persons or witnesses who speak are sworn in and all comments are only supposed to be based on facts and not opinion.

Once a public hearing has been held, if you are dissatisfied with the decision of the Board of Adjustment, an appeal may be taken to the Superior Court of Union County.

(Ref. Chapter 3.7 Appeals and Variance, Land Development Code)

FINDING OF FACTS CHECKLIST (Must be Filled Out by Applicant for a Variance Request)
Please provide an explanation for each finding of fact on which the Board of Adjustment will make its decision.
Unnecessary hardship would result from the strict application of the ordinance. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.
The hardship results from conditions that are peculiar to the property, such as location, size, or to-pography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.
The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance shall not be regarded as a self-created hardship.
The requested variance is consistent with the spirit, purpose, and intent of the ordinance, such that public safety is secured, and substantial justice is achieved.
Requests for variances shall be accompanied by a list of adjoining property owners and a sketch plan. The sketch plan must show in scaled form the location and size of:
 The boundaries of the lot(s) in question. The size, shape and location of all existing and proposed buildings, parking facilities and accessory
